***Response to Amendment***

The following is in response to the amendment filed on November 24, 2004.

***Allowable Subject Matter***

Claims 2 and 3 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 2 and 3 are allowed because the prior art does not disclose or suggest a method of making an optical fiber drawn from a preform upon heating, whereby the fiber is drawn under the claimed conditions of temperature and gas atmosphere utilizing a drawing furnace and a protecting tube with a gap in between, the gap being a gas mixture that includes helium, whereby a barrier separates the gas mixture from outside air and is provided with a gas outlet for letting out helium gas to the outside air.

Allowable subject matter was indicated previously.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
